

# The Name

## Disciple

Jesus, Jesus how I trust Him  
How I have proven Him over and over  
I will not bow my knee to any other God but You  
The One I live and I die for

Immanuel, God with us  
Prince of peace, Jesus

I will not be afraid to speak Your Name  
I don't care if they drag me off in chains  
No power from hell can shake my faith  
I'm not afraid to speak Your Name  
This body will starve these bones will break  
But as long as I've got the lungs to breathe  
I will not be afraid to speak Your name

Jesus, Jesus precious Jesus  
Oh for the grace to trust Him so much more  
You gave it all and I will live to give it all back to You  
The One I live and I die for

Immanuel, God with us  
King of kings, Jesus

I will not be afraid to speak Your Name  
I don't care if they drag me off in chains  
No power from hell can shake my faith  
I'm not afraid to speak Your Name  
This body will starve these bones will break  
But as long as I've got the lungs to breathe  
I will not be afraid to speak Your name

I will not be afraid to speak your Name  
The name of Jesus, Jesus...

I will never be ashamed  
I will be bold for Christ  
And bring honor to His name whether I live or die

I will not be afraid to speak Your Name  
I don't care if they drag me off in chains  
No power from hell can shake my faith  
I'm not afraid to speak Your Name  
This body will starve these bones will break  
But as long as I've got the lungs to breathe  
I will not be afraid to speak Your name
