

Control

Disclosure

Show me
Don't know where I
Control, show it
You're not what you wanna take
Control it, you want it
Control

Staring in your eyes
I felt my desire
You can't take control
Of the love we fight

Control, show me
Take control, show me
Show me control
You're not what you wanna look
You and me will take control, control
And with this time make it all on
You and me will take control, control
And with this time make it all on

Show me, show me, show me, show me all I ever want control
Show me, show me, all I what you want

All we're fighting by the thought of losing out your beat alone
Won't be the one who has to see without you
By the time I know I want my way I know that you you wanna take me ho
me
Let it happen and you'll be the one to who
And you'll take the time to compromise
No back in time no the level can't be treat you
With you enough to say no use and tell me what to do all this

Let me catch my breath
Hold me to your chest
Feel our hearts collide
From the other sign
Keep it close to you
Until the night is through
Your stuck in control
From the other side

You and me will take control, control
And with this time make it all on
You and me will take control, control
And with this time make it all on
Show me, show me, show me, show me all I ever want control
Show me, show me, all I what you want
