

Magic Recoveries

Disco Ensemble

That's quite atrocious!
That's quite severe!
Do you believe in magic recoveries?

I know you can see me
But I'm not here
It seems like I'm breathing
But I'm not here

My heart is a piece of flesh
But my brains are about to break
I don't believe in
Magic recoveries

All I can think of is my weird obsessions
All I can think of is my fucking dick
I know what I'll say to you
All I can think of is you

I know you can see me
But I'm not here
You're hand's sliding through me
But I'm not here
