

Holiday

Discoballs

When i wake up every morning
I notice you're already rollin'
And smoke is everywhere
And you are sitting there
And that's your satisfaction, yeah

All you need is holiday
Time over time
Smoking, f*cking, relaxing
and having fun

When i go to bed in evening
I can sww you are still rollin'
And dark is everywhere
And you are sitting there
And that's your satisfaction, yeah
