

In your eyes, so memories,
where there is you and I.
Under skies singing melodies,
why you had to say good bye.

Melodies in my memories,
this sound makes me happy.
Melodies in my memories,
this sound makes me cry.

From time to time I meet you guy,
in my mind, I dont know why.
And by the way I still try to say,
so please stay with me stay.

Melodies in my memories,
this sound makes me happy.
Melodies in my memories,
this sound makes me cry.

In your eyes so memories,
where there is you and I.
Under skies singing melodies,
so why, you had to die?

Melodies in my memories,
this sound makes me happy.
Melodies in my memories,
this sound makes me cry.

Melodies in my memories,
this sound makes me happy.
Melodies in my memories,
this sound makes me cry.
