

Soulsteady

Discoballs

Sunday night shining disco lights
With no worries
Dance hall full of soulfull minds
And they don' care so
come on everybody
Let's start the funny
times that we love
Lost most of all
Times full of sex drugs
and rock'n'roll

Come with me baby,
dance with me baby
hold me more more
than you can.
Gimme love honey,
dance with me honey
We will dance of the rest
of the night

Every night we're trying
to by tight
with the music soulfull
music
Come with me and you
will see our life style
baby
Atmosphere of the night
is so bright
it is so nice!
Put your feet on the dance floor now
And dance with me!
