tonight i'll run away
tonight i'll run away
tonight will be the night
that i learn to fly
i'll learn to fly, run away
catch me - catch me
tonight i'll explore my life.
no it's finally time to let
out all the bothers me
and push all my anger away.
like a small wanderer only to next door,
but now i'm up and wondering about a lot more,
a lot more.
