

Devil's Grin

Disembodied

You raped my life from me
Forever gone
A cautiously placed grin upon your face, your face
A swift smile at my circumstance
You raped my identity another callous smile
You raped my dignity another laugh to last the mile
You took all you could from me and spit me right back out
You had your fun with me
Then you let the dogs do their work with me
Left my soul to rot
Motherf**ker
How could you be so cold?
An easily placed conjecture for a common placed man
You son of a bitch!
You blew me off and left me for dead
How could you be so cold
How could you be so bold
