

# Grit Your Teeth

Disharmonic Orchestra

Your votes go to him who  
Made it look as shiny as his teeth  
Don't waste all your good time  
By reading the small print underneath

The nice guys, the bad dudes  
Two horsemen or three or were they more?  
How ever I long for the crown  
And the princess I adore

Grit your teeth  
Grit your teeth  
Grit your teeth  
I'll face the problem by the root

Grit your teeth  
Grit your teeth  
Grit your teeth  
Trust me it's only for your good

If there's no agreement  
I throw some sticky  
Sludge and dirt in any direction  
No matter if anybody's hurt

Some fellows took notice  
They've got a clue of how it ran  
I know how to fool them  
Again, again and again

Again and again  
Again and again  
Again and again

Grit your teeth  
Grit your teeth  
Grit your teeth  
I'll face the problem by the root

Grit your teeth  
Grit your teeth  
Grit your teeth  
Trust me it's only for your good
