

# Inexorable Logic

**Disharmonic Orchestra**

Desecration of mother nature  
Cannot be the pleasure of life

The meaning of life is in your mind  
Rooting out the lungs of earth  
We can't explain to mankind  
Chemicals destroy the earth

We can't ignore the destruction of life  
We've got to save that world  
For our health and sanity  
And for all to stay alive
