

The Love I Hate

Disharmonic Orchestra

I hate you, I hate you
I hate you so much right now
I hate, I hate you
I hate you so much right now

I hate, I hate you
I hate you, I hate so much
I hate, I hate you
I hate you so much right now

I get lost when I'm asleep
I blow you out when I breathe in
I fall down into the deep
Nothing's left for me to speak

Coming over, 'cuz
I have to be in time
Ride the moment
When I'm feeling fine

I love you, I love you
I love you so much right now
I love, I love you
I love you so much right now

I love, I love so much
I love you so much right now
I love, I love you
I love you so much right now

Coming over, 'cuz
I have to be in time
Ride the moment
When I'm feeling fine

Coming over, 'cuz
I have to be in time
Ride the moment
When I'm feeling fine

I miss you, I miss you
I miss you so much right now
I miss, I miss so much
I miss, I missed you now

I miss, I miss you
I miss you so much right now
I miss, I miss you
I miss you so much right now
