## All She Can See

Dishwalla

I've never, I've never known such pure madness
And for her it's all she can see
I've never, I've never known such pure madness
And for her it's all she can see

How she laid low, laid low on the floor How she yelled no, how she yelled with all of her heart no, no Still it's all she can see

How the pain ran deep How she holds her eyes to the ground What a waste of soul, what a waste

Never, never, never will she live without it Think about it, can she live without it? Never will she live without it, no

Still it's all she will see, no more, no more No, no, no more

Still it's all, it's all, all she can see Still it's all, it's all, all she can see Still it's all, it's all, it's all she can see
