Today, Tonight

waiting for a train to catch waiting for the perfect match waiting for someone to make a call if only you had to make a change every day and every night as every hour goes

Today, tonight tomorrow, the next night too long too late till then I'll wait

waiting for the plane to crash waiting how long can you stand and you hope it never ends every day and every night as every hour goes

Today, tonight tomorrow,the next night too long too late till then I'll wait
