

## All Little Devils

### Dismal Euphony

Rise and shine in the night  
My pride salutes me, until I fall  
The wicked children praise my name  
Then writes it in the morning sky

Rise and shine in the night  
My pride salutes me, until I fall  
The wicked children praise my name  
Then writes it in the morning sky

All little devils are dancing in ecstasy  
All little devils are dancing in ecstasy  
All little devils are dancing in ecstasy  
All little devils are dancing in ecstasy

Inspired by the taste of horror  
Proud to be insane forever  
Proud to be insane

Let out the killer in me!  
Let out the killer in me!  
Let out the killer in me!  
Let out the killer in me!

Raise your hands above your head  
Close your eyes and you'll be dead  
Broken dream of insanity  
Anger will be my victory

Inspired by the taste of horror  
Proud to be insane forever  
Proud to be insane

Inspired by the taste of horror  
Proud to be insane forever  
Proud to be insane

Let out the killer in me!  
Let out the killer in me!  
Let out the killer in me!  
Let out the killer in me!
