

# Get It Through

Dismantled

Here's a beat  
It is a solid beat  
And no one's paying attention so I'm free to speak  
Something passionate will work real well  
But I am bored so bored, yeah, it's easy to tell  
But I don't mind that it's the same old shit  
'Cause innovation's really hard to sell  
So come on!

Well its the second verse now  
And I really like how this sounds  
It's got all the right elements that I like  
It's that four / four on the floor  
That keeps me moving all night long  
And that chord progression  
I've heard it before  
It's the same one in every song  
But this message  
Really throws me off  
I can't sing along to this at all

Get it through  
I'll never get through to you  
I'll never get through to you-ou  
I'm too wide

Get it through  
I'll never fit like you do  
I'll never fit like you do-o  
But you're too blind  
So shut up and swallow!

Don't mind me  
I'm just another face  
Just turn your head and I will be replaced  
And don't you worry, I am all alone  
But you'll never understand  
You'll never understand  
You'll never understand  
You'll never understand  
You'll never understand

Get it through  
I'll never get through to you  
I'll never get through to you-ou  
I'm too wide

Get it through  
I'll never fit like you do  
I'll never fit like you do-o  
But you're too blind

Get it through  
I'll never get through to you  
I'll never get through to you-ou  
I'm too wide

Get it through  
I'll never fit like you do  
I'll never fit like you do-o  
But you're too blind  
So shut up and swallow!

Get it through  
Get it through  
Get it through  
Get it through

(So just shut the fuck up and swallow)
