

## Blood for Paradise

Dismember

I see a storm rise in the east  
Forces of evil on the move  
Tyranny and blasphemy follows in their wake  
Back to the Stone Age  
Serpents of the crescent moon  
Cast their shadow over weak minds  
Live in perpetual twilight  
Totalitarian regime bringers of night

Holy wars  
Holy shit  
Sacrifice  
Suicide  
Religious tyranny

Masses gather by the blood soaked banner  
Unknowing of their fate  
Brainwashed, fanatical and blind  
They die by the flag of hate

Blood for paradise  
Give their lives for lies  
Vessels of death  
Carriers of disease

Breeding insanity  
Religious tyranny
