

## Never Forget, Never Forgive

Dismember

My darkened soul boils with hate  
Memories of my past haunting me  
I now truly see who you are  
Betrayal has set me free

Darkness once ruled my world  
My spirit now roams free

Never forget  
Never forgive  
Only god forgives  
But I do not

Forgiveness and understanding  
I'll leave it for the church to preach  
The lies that bound me are no more  
Humility is not the way to teach

Bitterness, loneliness  
Anguish and defeat  
I listened, lied and died  
Death, resurrection and rebirth
