Where No Ghost Is Holy

Dismember

Ruled by ruin the city of god Collective madness of the holy squad Divine violations of dignity Corrupted secrecy

Hordes of the fallen Lost and slain Not epic but insane

Abolition of Christianity
Termination of religious greed
Where no ghost is holy the mind is free
Retribution for persecution
All religions adversary
Where no ghost is holy the blind shall see

The essence of contradiction brings
Blind faith built on sins
Propaganda of unhealing scars
The catholic cancer wont reach this far

Final silence of the battlefield Where no god is holy the church will kneel Non-religious eternally
