

Beat Your Heart Out

The Distillers

Baby, you make my heart beat faster
Baby, you make my heart beat faster
I know
Let alone to rest alone
Yeah, you're making me
I had to run the damage is done
Give it up hey-a give it up hey-a
There nothing left take the rest
Yeah, you're draining me

I set it light it burns so bright
Stab it out, hey-a
Stab it out, hey-a

Baby, you make my heart beat faster
Baby, you make my heart beat faster

I know,
Yeah I know,
I know
I had to run the damage is done
I give it up, hey-a give it up, hey-a
I had to go
It got control
Yeah, you're breaking me
There's nothing left so take the rest
Stab it out, hey-a
Stab it out, hey-a
I set it light
It burns so bright
Yeah, you're draining me

You make my heart beat faster
Baby you make my heart beat faster

I know,
I know,
that it's true
Let alone to rest alone ohhh oh oh
Let alone to rest alone ohhh oh oh
Let alone to rest alone ohhh oh oh

Baby, you make my heart beat faster
Baby, you make my heart beat faster
Baby, you make my heart beat faster
Yeah

{There's nothing left so take the rest
There's nothing left so take the rest
There's nothing left so take the rest
There's nothing left so take the rest }

Baby, you make my heart beat faster
Baby, you make my heart beat faster

Baby, you make my heart beat faster

Let alone...
