

Gypsy Rose Lee

The Distillers

When I see you lay down
Under pink lacquered skies
Baby ill give you something
That'll shut your eyes
To this mess
When I love you baby
I mean it more than the whole world
And when I take a picture that's instant
It gets lost tonight it gets burned

I said I remember it so I saw your eyes
Go through the tunnel and I remember
Australian sun I was eight years old
You Marilyn Monroe oh gotta
Take it oh yeah take it on playing backyard
Blues, black tart stuck up in their jaw
I can nail ill nail this on
Oh she ate the whole world

Oh I've tasted I tasted too too many nights
Lost in space I remember kneeling down
My knees caught in the ground

When I love you baby
Gypsy rose she rose to me

I remember a rolling stone
Rolling on down through the bones
Oh ya gotta save you gotta save your soul well
She hates the whole world

When I love you baby
I mean it more than just the whole world
And when I saw gypsy rose gypsy rose she rose to me
I know your sin I know sin sin sin you've got wings
