

## Darkness

## Disturbed

Don't turn away  
I pray you've heard  
The words I've spoken  
Dare to believe  
For one last time  
Then I'll let the

Darkness cover me  
Deny everything  
Slowly walk away  
To breathe again  
On my own

Carry me away  
I need your strength  
To get me through this  
Dare to believe  
For one last time  
Then I'll let the

Darkness cover me  
Deny everything  
Slowly walk away  
To breathe again  
On my own
