Droppin' Plates

Disturbed

Well, here we go again, get up A little somethin' for your ear hole, get up Baring a part of my soul again, get up Disturbed in the house, we're droppin' plates

You said it couldn't be done told me that It's the kind of battle that just couldn't be won You know you're too sick, too hard, too fucked in the head You'll never make it, no, not in this lifetime

Well, guess again my friend don't act surprised We got the bass drum kick that will blow out your eyes 'Cause when you hear this shit you'll get to steppin' Gonna fight the war and use my music as a weapon

You know I'm talkin' 'bout recognition You know I'm talkin' 'bout vindication

Another goddamn slap in the face Don't wanna give us a place Are you afraid?

Well, fear this 'cause I'm breakin' through the walls Of your nightmare, wake up time to die The way I'm livin' there is no compromising it Better get ready for another surprise

And it may leave a mark Because I'm coming fast Plantin' thoughts in your mind And droppin' plates on your ass

Well, here I come I'm droppin' plates on your ass, bitch You never mind and you don't need this

Said, here I come I'm droppin plates on your ass, bitch You never mind and you don't need

Well, on your mark, here we go again Well, never mind 'cause you're not number one You're too hard and from the other side I think it's time to bring it home again Right to me

Well, on your mark, here we go again Well, never mind 'cause you're not number one You're too hard and from the other side I think it's time to bring it home again Right to me

You know I'm talkin' 'bout recognition You know I'm talkin' 'bout vindication

Well, here I come I'm droppin' plates on your ass Well, here I come I'm droppin' plates on your ass

Say here I come I'm droppin' plates on your ass Well, here I come I'm droppin' plates on your ass

Plates on your ass, bitch Plates on our ass

Well, here I come I'm dropping plates I dropping plates Plates on your ass, bitch Plates on your ass

Here I come I'm dropping plates And I'm dropping plates And then ... Here we go again I'm dropping plates

I use my music my weapon I'm dropping plates We blew the walls of your nightmare I'm dropping plates Well, here we go we're dropping plates
