

Forgotten

Diva Destruction

Forgotten & you stole the key,
Forgotten & Trapped here in time
Buried in time, you stole the key,
And left me here, you led me to This Prison
And you stole the key, you forgot what we once were
You rewrote our history, all away,
Now YOU'RE
Forgotten and I have the key
Forgotten and YOU'RE Trapped like me,
You're Trapped in time now,
You're trapped like me now,
So blind to pain, so blind to ME,
You made my truth all lies,
You flipped it upside down,
You changed all that you said,
You erased it all away,
All away, How did you?
How did you ever do it?
Cause you Never Ever Looked Back!
Cause you never thought to care ONCE!!
Teach me your trick, Teach me your trick,
Teach me not to ever look back,
Teach me not to ever care,
Teach me your trick, not to care.
