

## My Love is Real

Divine Fits

I was stuck on a pin and we were equally nervous,  
I could not get through.  
So where is the chain that will keep us together  
This much is true  
My Love is real  
Until it stops

Don't you wanna go down  
like old Mayakovsky,  
in a sea of blue.  
And if I was the king,  
she's the knife in the water  
There's so much to loose  
When my love is real.  
Until it stops

So throw up your hands for south California,  
and not a lot to loose  
I would not sleep until I tried every way  
to bring your little black heart back  
Love is real  
Until it stops
