

This Threat Is Real

Divine Heresy

United by this common goal
For pure annihilation
Obliterate and reinstate
So lethally combined

Rising like the sun
All shall become one
What was will be undone
Undone

This threat is fucking real
In time all shall adhere
This threat is fucking real
Beware the reckoning

Etched in stone
With blood and bone
A place amongst the gods
Delivering salvation
And a cure against the odds

Rising like the sun
All shall become one
What was will be undone
Undone

This threat is fucking real
In time all shall adhere
This threat is fucking real
Beware the reckoning

Die...
Evolve or die

Shattering the dissonance
Resuscitate the mind
Inseminate with inspiration
Must evolve or die

Rising like the sun
All shall become one
What was will be undone
Undone

This threat is fucking real
In time all shall adhere
This threat is fucking real
Beware the reckoning
