

I'm So Beautiful

Divine

Out
out tonight
feel like going out in the night

I'm gonna walk the street
walk the street

I wanna feel the heat
feel the heat.
There ain't nobody better than me
can't you see? Look at me!
Wild
feeling wild and I'm burning up deep inside

I wanna let it go
let it go

I'm gonna steal the show
steal the show.
There ain't nobody better than me
can't you see? Look at me!

I'm so beautiful
you've gotta believe it
I am beautiful.
I'm so beautiful
can't you see? Look at me!
I said: I'm so beautiful

Well
everybody's welcome to this point of view.
We're all beautiful
can't you see?

High
feeling high

I'm really gonna shake it through the night

I'm gonna nail the beat to the floor

I'm gonna make you scream

Scream for more.
There ain't nobody better than me

Can't you see? Look at me!

I'm so beautiful
. . .

There ain't nobody better than me

Can't you see? Look at me!
I'm so beautiful
. . .
Look at me! Can't you see?

Look at me! Can't you see?
I'm so beautiful
. . .
