

# I Never Thought

Divine

Standing with your boys on the corner  
I see them look at me walking by  
But they don't understand how I'm feeling  
'cause boy you are the apple of my eye  
1 I never thought no never  
That I'd find someone to love me like you do  
I never thought in a million years  
That you would make every one of my dreams come true  
Baby there ain't no need for you to worry  
'cause you can turn your back on me  
You know that I'll still be waitin'  
Right under the sycamore tree  
2 - You're all I see, you're all I see  
I won't let nobody ever come between you and me  
See, you're all I see  
Every time they step to me  
I don't pay them any mind  
It's all about you and me  
Repeat 1  
Repeat 2  
As clear as the sea  
Blow around tropical breeze  
I see only we seven seas seven stars  
Cooling at the park down in Nassau  
Just think, you and me, love  
Say it's all, move your lips slow  
come close to my ear  
It's here my dear where your fears come clear  
There's little time left to escape and make best  
All I see is three to complete  
Making sweet sugar, honey, all I see  
All we need, the true life is when we can just be  
I never thought in a million years  
That you would make every one of my dreams come true  
Repeat 1 until fade
