

## Live My Life For You

Divinefire

Live my life for you  
Time after time and day after day  
Learning my lesson every day  
The Holy Spirit is guiding my way  
In his presence I'll always stay

You are the light  
You're shining so bright  
You are the reason I'm still alive  
I'll live my life for the Holy One  
The cross has set me free  
Live my life for the Holy One

Hear the music coming on strong  
It gives me strength to carry on  
You are my fire and my solid rock  
Now and forever I'll never stop

You are the light  
You're shining so bright  
You are the reason I'm still alive  
I'll live my life for the Holy One  
The cross has set me free  
Live my life for the Holy One
