

Hard On Me

Divinyls

Sitting on my hands in the corner
So screwed up I can't get out of my chair
You're just sitting over there
Looking at me
Hoping that I going to come there

Don't be hard on me
Don't start thinking that I'm easy
Don't' be hard on me
Don't start thinking that I'm easy
Don't tease me - hard on me

I hope I'm gonna find me a boyfriend
Who wants to spend more time on his knees
You're just sitting over there drooling at me
Honey, I'm begging you please

I'm the kind of girl
From a stuck up world
Men supposed to be my friend
Well I'm the kind girl
From a bad neighborhood
But that doesn't mean I'm not good
I'm the kinda girl
Who'll put up a fight
So if you want my love
It won't be for one night
Well I'm gonna make you feel good
Now that it's understood
You treat a woman like a good man should... yes
