

Only You

Divinyls

Only only you can make me feel so insecurely
We're all going wrong it's a sign for you surely

You say I bring you down
Now I'll turn the tables round
I say you bring me down
Only you can feel so badly so badly

Paranoia soul destroyer
Conspiracy you're out to get me
You are wearing a disguise
So the problems still arise
You are wearing a disguise
Only you can feel so sadly so sadly

Only you only you only you only you

Lady killer later night thriller
Frankenstein I'm on the line
Child bride knew no stress
Wide eyes and legless
Look at me I'm a mess
Over you so madly so madly
