Does Compute

Division of Laura Lee

```
Picture us
Without looks
Picture me
Without clothes
I just wanna be loved and
Make sure im not being used
Bring me back my wisdom
And i ll get ready to choose
All we ever did was easy
You kept me clean
And i owe you
Tell me what to do to please you
How to be good
Cause i want to
Picture us without brains
Picture me without guts
I just wanna be different
Forget and put it aside
Bring me back my wisdom
And i'll get ready to try
All we ever did was easy
You kept me clean
And i owe you
Tell me what to do to please you
How to be good
Cause i want to
Breakdown
Blow up
Don´t you be nervous now
All we ever did was easy
You kept me clean
And i owe you
Tell me what to do to please you
How to be good
Cause i want to
Breakdown
Blow up
```
