

## I Guess I'm Healed

Division of Laura Lee

I been waiting for a while but I guess it's up to me  
I been thinking for some time how to get things where I want  
Don't know if you got it but at least you tried  
You gave me all the solutions that I couldn't find  
It made a difference when you were behind  
I guess you know that I appreciate what you've done  
I used to cry myself to sleep for ten years  
But now I'm dry I guess I'm healed
