

# Loveless

Division of Laura Lee

I believe in the broken hearted  
And I know that your time will come  
I close my eyes to get it all undone  
I believe that you are loveless  
You gave me nothing and i gave you all  
Make way for something can't you  
Something i hope  
Something tells me when I am wrong  
Make way for someone wont you  
Someone that tells me that you are wrong  
Big descisions that i make to get what i want  
Its such a joyful life  
Big descisions  
Make them fast  
Try to coup with my past  
And get on with your afterlife  
I see the godless people  
And thoose who still believe  
I don't know my way  
I guess im free  
I hear them talking about me  
Think of what I've done and let it go  
Take care of the broken hearted  
Tell them what to get and how to learn  
Take care of me im loveless and make sure you tell me where to  
turn  
I know that you can't see it  
I know that you can't see me  
I wish that i could feel it  
I wish that i could feel you  
Its just how it is  
You just stole my time  
But now I know that you are loveless
