

## Need To Get Some

Division of Laura Lee

You need to get some  
You need to get some  
You need to get some  
You need to get  
'cause everybody is havin' fun  
Everybody is havin' fun  
And everyone keeps on askin me, yea  
About all the things that we've been waiting for  
It's not just you  
It's not just me  
It's not just you  
We're dealing with  
Everyone, hey everyone  
Deliver your money  
Deliver your soul  
Deliver your freedom  
Heey, give 'em the truth and the just might follow  
Give 'em the truth and they just might  
You need to get some  
You need to get some  
You need to get some  
You need to get  
Are you sad when my deal  
I give you more to reveal  
I'll give you everything  
Everything you need  
You're not the only one  
It's not just you  
It's not just me  
It's not just you  
We're dealing with  
Everyone, hey everyone  
Deliver your money  
Deliver your soul  
Deliver your freedom  
Heey, give 'em the truth and the just might follow  
Give 'em the truth and they just might  
You need to get some  
You need to get some  
You need to get some  
You need to get some  
You need to get some  
'cause' everybody is havin fun  
Everybody is havin fun  
And everyone keeps on askin me, yea  
About all the things that we've waiting for
