## If I Fall You're Going Down with Me

## **Dixie Chicks**

Was It the pull of the moon now baby
That led you to my door
Your say the night's got you acting crazy
I think it's something more
I never felt the earth move honey
Until you shook my tree
Nobody runs form the law now baby
Of love and gravity it pulls you so strong
Baby you gotta hold on

If I fall you're going down with me You're going down with me baby if I fall You can't take back every little chill you give me You're going down with me baby heart and all ooh yeah

We're hanging right on the edge now baby The wind is getting stronger We're hanging on by a thread now honey We can't hold on to much longer It's a long way down but it's too late

If I fall you're going down with me You're going down with me baby if I fall You can't take a back every little chill you give me You're going down with me baby heart and all

Ooh baby I couldn't get any higher
This time I'm willing to dance on the wire
If I fall
If I fall

'Cause if I fall you're going down with me You're going down with me baby if I fall You can't take back every little chill you give me You're going down with me baby heart and all

If I fall
If I fall
Ooo, yeah
