

## Rider

Dixie Chicks

I know you rider, gonna miss me when I'm gone  
Gonna miss your baby from rollin in your arms  
I know you rider, gonna miss me when I'm gone

Well, I know a March wind's gonna' carry my blues away  
The sun is gonna' shine on my backdoor someday

The sun is gonna' shine on my backdoor someday  
I know you rider, gonna miss me when I'm gone

I know you rider, gonna miss me when I'm gone  
I wish I was a headlight on a northbound train  
Gonna miss your baby from rollin in your arms

I wish I was a headlight on a northbound train  
Well, I'd shine my light through the cold Colorado rain

I know you rider, gonna miss me when I'm gone  
I know you rider, gonna miss me when I'm gone  
Gonna miss your baby from rollin in your arms
