

## Let This One Stay (Acoustic Version)

Dizmas

Outside of all your subtlety  
Upside down while you're straight with me  
And I deny that this is your way  
Can I, can I still find my way?

Please let this one stay  
To help me find your way (your way)  
Please let this one stay  
To help me find your way (your way)  
As I'm drowning,  
Engulfing the saltwater air  
She begs me to find you,  
I acknowledge you there
