

Dance wiv Me

Dizzee Rascal

What's up darling?
I've been keeping my eyes on your movements
I can't see no room for improvement
And why you're all alone over there on your jack jones
You need to let me get behind your backbones
Cus I'm the man for the job let me work it
I won't waste no time I'll make it worth it
100 percent, i'll make it perfect
you got a body to die for, let me merk it
Now it's murder on the dance floor
I want to take this further than the dance floor
I aint forcefield but I'm still hardcore
You're going to give me everything I ask for
It's not a long ting, you're a boomting
Maybe more than a hotel room ting
I'll never know if I just walk past
I really want to dance so I guess I'll just ask

She ain't no oh
Look at those thighs, it's in her eyes she's good to go
She can satisfy my mind body and soul

Come and dance with me
Come and dance with me
Come and dance with me
Come dance with me
I see you glance at me
That's why I'm asking B
So let's party B
Come and dance with me

If I'm out on my own
Then I can look at you, looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see
Get away from the bar
Tell your boyfriend to hold your jar
And dance with me

Come dance with me
That's why I'm asking B
So let's party B
Come and dance with me

Yo! It goes on and on
I see you get excited like, this is my song
You think I want to get involved, you're not wrong
Cus I've been waiting for this moment all night long
So I creep creep creep like TLC
I've got my left eye checking out your scenery
I've got my right eye right where it needs to be
No matter how I look at it, you look good to me
Still, I'm looking for the perfect view
The way I see it that's right next to you
I know you've probably heard it before but I still
I love the way you flex like that for real
So don't stop doing what you do when you do it

I just wanna be a part of it when you do it
I feel like a wolly if I don't pursue it
And I can't go through it so let's go to it

She ain't no oh
Look at those thighs, it's in her eyes she's good to go
She can satisfy my mind body and soul

Come and dance with me
Come and dance with me
Come and dance with me
Come dance with me
I see you glance at me
That's why I'm asking B
So let's party B
Come and dance with me

I know you didn't come out to stand and stare
You bought new shoes and you did up your hair
You made a real effort tonight and it shows
I can tell by your face you don't wanna be alone
Cus the mood is right and the time is now
And if you can't do it I'll show you how
All you gotta do is get loose, let go
Just spark up your shades, put your skills on show

Oh
If I'm out on my own
Then I can look at you, looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see
Get away from the bar
Tell your boyfriend to hold your jar
And dance with me

Come dance with me
That's why I'm asking B
So let's party B
Come and dance with me

If I'm out on my own
Then I can look at you, looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see
Get away from the bar
Tell your boyfriend to hold your jar
And dance with me
