

# Hold Ya Mouf

Dizzee Rascal

Get me  
We got a lot to talk bout  
Raskit, Godsgift  
Oi yo  
What you do will come back to you  
What you do will come back to you  
What you do will come back to you  
What you do will come back to you  
What you do will come back to you  
What you do will come back  
Hold your mout' (hold your mout')

Raskit dont give a shit (i mean)  
Aint concerned, aint worried, dont mind  
But you should watch your lip (i mean)  
If you keep chattin in a hurry you'll find  
The bottom of a 6 foot pit (i mean)  
Dont care what creed, colour or kind  
Bullets'll make you sit (i mean)  
Make you relax, lay-down, unwind

Raskit dont give a damn (i mean)  
Aint that bothered not much, dont care  
Catch me if you can (i mean)  
Its possible you will get hit with a chair  
Talk like your the man (i mean)  
If you want beef you'll get a fair share  
Dizzee got a masterplan (i mean)  
I'm a problem for Antony Blair

Raskit dont have a bar (i mean)  
Dont have it from him, her or dem  
I'll make a rudeboy say rarr (i mean)  
With or without the use of a skeng  
Remove you from your car (i mean)  
Got a temper, its big like ben  
And i dont care who you are (i mean)  
Move to your boys, i'll move to your men

Raskit dont waste time (i mean)  
Dont hesitate, dont pet, dont ramp  
.22, .38, .9 (i mean)  
These digits'll leave you stiff like cramp  
You wanna test? thats fine (i mean)  
You couldnt take Dizzee Rascal for a tramp  
If you cross my line (i mean)  
I'll leave you colourful, dazed and damp

I dont want beef today  
Its not arms today  
Lets keep it calm today  
Lets be friends

I dont wanna write today  
Lets not fight today  
I feel alright today  
Lets be friends

You've got a problem blud?  
Lets solve it blud  
Gats and bora's blud  
Hold your mout' (2x)

Yo, it dont make no sense to me  
Why fella's dont wanna act sensibly  
You better re-check your identity  
You better re-check how you speak

You dont make no sense to me  
If i switch i wont act sensibly  
I'll make you care intensively  
You'll be in a coma for a week

And i really cant come to grips  
With how these fellas act just like chicks  
But now i retaliate with clips  
And now i retaliate with force

You should come to grips  
With how you really should watch your lips  
You better know we're some lunatics  
And that we retaliate, of course

You dont wanna feel the heat from muh (click click)  
I roll deep wi' muh (click click)  
I'm always on the street wi' muh (click click)  
I eat wi' muh (click click)  
I sleep wi' muh (click click)  
And i can put you 6 foot deep wi' muh (click click)  
Chat shit you get beat wi' muh (click click)  
Roll straight sound be the street wi' muh (click click)  
Try if im never on my feet wi' muh (click click)  
I'm only on my feet when i bus' heat (gunshots)

And you just ran outta luck wi' muh (click click)  
Say your gonna get fucked up wi' muh (click click)  
Gunshots leave bodies bruk wi' muh (click click)  
And i can make the whole place duck wi' muh (click click)  
If you dont wanna get stuck wi' muh (click click)  
Dont wanna get out the truck wi' muh (click click)  
Cause you'll get jacked and gun-but wi' muh (click click)  
And i'll leave your whole jaw bruk wi' muh (click click click click)
