

Superman

Dizzee Rascal

I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I am Superman, bitch I'm Superman

Yo! I'm young, free, I'm runnin em up
And I just got plates so I really gonna give it up
I'm on that Superman flex
Tryna think about which part, other what, I got her harder than yes
Tell her I'm chillin, and a whole lot of sex
I need a girl to keep my feeling away, tonight see me
'Cus I always keep my feelings protected
So I don't ever worry bout getting infected
My only concern is that fire stays trippy
And you ain't gotta worry bout spending no money if you're ridin with me
Yea put yo name on the car, the words will stick like a paper
I'm sittin way across me lake uh
I think that we should start in Jamaica
I'm makin a tiva, a little bit is crossin the beaver
Everybody's watchin me cause I'm a over achiever
And I could really do with a breather
Girl give me one

Girl you be like how, how you do it?
How you do it?
Oh how you do it?
Oh oh oh oh
Oh how you do it?
How I do it?
How, how I do it?
Oh oh oh oh

I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I am Superman, bitch I'm Superman

My own deal winner says count yo blessings
Put the heart to the track to the clothes who dressin
Tall BMG head to toe
I got a little swagger and I'm letting it show
Lots of mine ready to blow, that's why I'm letting you know
Who you really mean?
It's just the main necessities
So pack em and I'm ready to go
So what you're waitin for? I'm ready to roll
I like to turn it up inside, you ain't telling me no

I gotta play with my flow so you we can flow and I'll cover the scene
Now we can drive by the falls,
Tuck down, catching a breaze
And now I wanna speed, ya'll takin it easy
I wasn't who you've been tryna seem to me
We ain't in a hurry, don't need to rush around the story
Don't even worry yourself, you look lovely
Enjoy the sun, you think this is fun
No we ain't never started, we ain't never broke up, come on

Girl you be like how, how you do it?
How you do it?
Oh how you do it?
Oh oh oh oh
Oh how you do it?
How I do it?
How, how I do it?
Oh oh oh oh

I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I am Superman, bitch I'm Superman
I am Superman, Superman Superman
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I turn a dollar to 100, to 100 million
Be over tall buildings, niggas can't get em
I am Superman, bitch I'm Superman

All my bitches high, all my bitches fly
All these bottles, getting drunk up in here tonight
Even my money high, talking sky high
You want some, space God

She was just walkin by her own
She thinks that she's a model
She want it all, it's not all
Won't there be no more bottles?

Girl you be like how, how you do it?
How you do it?
Oh how you do it?
Oh oh oh oh
Oh how you do it?
How I do it?
How, how I do it?
Oh oh oh oh
