For God's Sake

Dizzy Mizz Lizzy

Here we are in the middle of the night single's bar and the madman is out to get me

Loosen up with a bottle of beer but wait now stop there's a big chick coming over to see me

She wants my love for just one night I should say no but said alright

And we're not lovers for God's sake and teasin' isn't fair I don't love her for God's sake and I don't really care

But her mind's out of line

Sinkin' low in the middle of the night here I go and the madman is out to get me

In a storm in the middle of the night on the run and the madman is out to get me

She wanted my love for just one night I should say no but said alright

And we're not lovers for God's sake and teasin' isn't fair I don't love her for God's sake and I don't really care

But her mind's out of line
