

Something so Familiar

Dizzy Mizz Lizzy

One way or the other
I will try not to push it aside
Someday I'll recover
And I'll try to do everything right
Give me one more advice to take
One more advice
One way or the other
I will try not to give it away
Someday I'll discover
Everything you've been trying to say
Give me one more advice to take
One more advice to take
You came
You saw
You closed another door
And I came close
To something so familiar
You came
You saw
You closed another door
And I
Came close
To something so familiar
One way or the other
I will try not to cope and commend
Someday I'll recover
When I know that they don't understand
