

# Terrified in Paradise

Dizzy Mizz Lizzy

Are you gonna get it?  
Are you gonna live it?  
Try hard to forget it  
I don't mean disorder  
Greatest story ever told  
All I know is that I'm not gonna break  
I'm not gonna fall

Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
I don't get it  
Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
I don't get it

Are you on a mission?  
All you do is scream it loud  
Die hard in a vision  
Beyond a doubt  
Call me a non-believer  
It can never take me down

All I know is that you'll never get lost  
You'll never be found

Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
I don't get it

Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
Wait a minute  
I don't get it

I know one thing  
You know nothing  
You want something  
Something out of the blue

Terrified in paradise  
Wait a minute  
Terrified in paradise  
I don't get it  
Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
I don't get it  
Terrified in paradise

Wait a minute  
Terrified in paradise  
I don't get it  
Terrified in paradise  
Wait a minute  
Don't you wanna open your arms?  
Terrified in paradise  
I don't get it
