Yo I wanna dedicate this song to all my flashy ink

Fuck these nigga's keep moving forward  
All we got is each other

[Hook]

Playa' play on  
Playa' play on  
Playa' playa' play on  
Playa' play on  
Playa' play on  
Flashy ink what it do  
From the bottom and we still on the move  
(3x)

[Verse 1: Dizzy Wright]

Talk down on us from rumors and lies (rumors and lies)  
They seen the potential they knew we would rise (would  
rise)  
These little nigga's running shit on your side  
They swag on you bitch and shit on your pride  
(Nigga we shit on your pride)  
We lost some nigga's and made some mistakes  
Found the real and getting rid of the fakes  
Had some downfalls but what can I say  
We stick together at the end of the day  
(Nigga that's loyalty)  
We growing up and they see that we getting smarter with  
it  
Working harder it's different when you put your  
daughter in it  
High school pimpin' the real life livin'  
And all of my nigga's taking care of they children  
(Nigga you better believe)  
Discipline for the benefits that we finna get  
The world is watching we just gotta to make them feel  
the shit  
We in a position to really really kill this shit  
No time for games its time to get it in  
Remember what I told you

[Hook: Dizzy Wright]

Playa' play on  
Playa' play on  
Playa' playa' play on  
Playa' play on  
Playa' play on  
Flashy ink what it do  
From the bottom and we still on the move  
(2x)

[Verse 2: Dizzy Wright]

Swag ain't never been a problem  
Na what's been a problem is you've been a problem  
Think we got more than we got when we in survival  
We in the bible when ya'll in denial

(Player loosen up)  
To move it up you've got to do enough  
Be the who is that before you be the new what's up  
Take your time elevate your mind brodie  
You gon' shine if you don't be doing stupid stuff  
(Listen and you'll learn)  
Motivation for closer ages is doper shit  
Swag it out and then mash it up with my older shit  
Keep the message Reflecting off of what really works  
We really making it happen I know you noticed it  
(Man these nigga's see us)  
We believed when they was knocking the team  
Disagreed to fuck with nigga's for cheese  
Planted a seed and grew me some og smoking like an og  
on me  
Uh my pops cool he said fv done found the best  
He remind me of the man that taught Malcom X  
So if I sound the best just know that I'm around the  
best  
Educated blowing smoke up out my chest  
(I gotta keep my smoking)  
Illustrating my loyalty through poetry  
You nigga's hating ya'll spoil me with royalty  
I understand if they dont really understand  
But deep down everybody is a fan  
Player 'member what I told you

[Hook]  
Playa' play on  
Playa' play on  
Playa' playa' play on  
Playa' play on  
Playa' play on  
Flashy ink what it do  
From the bottom and we still on the move  
(2x)
