

# Teamwork Makes The Dream Work

Dizzy Wright

[Verse 1]

All my life I've been judged  
All my life I've been put down  
You sacrificed and i asked for life  
Living life right now as the good child  
Ive put in work discovered real  
Stuck and fucked in a fucked up deal  
Lucked up still, got up out of this shit  
Slappin' pussies with the side of my dick  
I've been on my grind, for my child  
Made me proud to be part of a blessing  
Rizzo locked up, baby mama knocked up  
Now he dealing with another nigga connection  
Man I'm stressing, man I'm smokin'  
Looking at life from a different perspective  
Man I'm growing, these niggas' is hating  
And now I walk around and I stay protected  
I ain't thugging, I ain't sold a brick  
I ain't on stage tryna hold my dick  
I'm outta town I got a show to give  
I'm from where the broke niggas had to show me shit  
I ain't scared, I know what I'm worth  
Hide my pain, in my perc put my soul all in my verse  
I got 4 or 5 niggas that done see me learn and still  
moving

[Hook]

Hold up, slow down  
Team work make the dream work  
I seen good and I seen dirt  
You're all in when the dream work (Fuck that!) (2x)

[Verse 2]

They predict for all of my niggas we'd be dead on drugs  
or in the pen  
Use the pen with some juice and Gin take it on your  
brains in the midst of sin  
I keep faith, even when I fight myself  
Bring me down and get beside myself  
The hardest critic is the niggas that's spittin  
All of these lyrics lil nigga tryna find himself  
Time will tell I might as well  
I got a soul I ain't tryna sell  
I came from the bottom, tired of all the problems  
Looking for a way cus I spent a little time in hell  
(Goddamn)  
Lost soul with a wrong crowd, bad mix with a bad bitch  
Distracted by all of the good, settle for the hood  
We gon' see how fucking far these dub sack get  
Still move

[Hook]

Hold up, slow down  
Team work make the dream work  
I seen good and I seen dirt  
You're all in when the dream work (Fuck that!) (2x)

[Verse 3]

I'm living in my own world, Didn't accomplish shit but  
I want some more  
Open doors for my city bitch I'm tryna live like the  
Huxtables  
I'm comfortable I ain't changing ho  
Bag of weed and a change of clothes  
You got a momma and a daddy had to crazy with your  
friends  
You're a phony lil nigga, what chu banging for  
I'm calling out all fuck shit, fuck boy don't act  
surprised  
Killing rappers, you all practice guys  
Sick of all these squares, fakes come in package size  
I'm screaming out team work make the dream work  
The dream work when the team in it  
Sound good but it is good, smoking on some good  
You can smell when the ink it, still moving

[Hook]

Hold up, slow down  
Team work make the dream work  
I seen good and I seen dirt  
You're all in when the dream work (Fuck that!) (2x)
