

Stop

DJ Antoine

Tell me now, once again
Tell me now, a many times
Someone's fighting.. without a reason why

Many choices, every day..
Do you really know the way?
And what is right and wrong

All I know, all I really know
Now it's time for an end.

I say yes, to life!
I say yes, it's right!
I say STOP, to all the things
The things that I did wrong

There's a world outside; wake up!
Don't you believe it's time? It's time.
