

Another Night Without You

DJ Bobo

Let me feel one and one makes two
- Let me feel the passion
All night long I've been waiting for you
- Let me feel the passion

Another Night
Another Night Without You

I can't tell how I feel
Since I realized our love is for real
I've been hurt many times
It's so hard to be all alone
Another Night Without You

Don't you feel, I need you
When you're in my arms all my dreams come true
When you're gone, I feel weak
It's so hard to be all alone
Another Night Without You

Was it right, was it wrong
When you're in my arms I feel so strong
Let me feel, you are mine
It's so hard to be all alone
Another Night Without You

Ce que tu fais, ce que tu dis
Tu me transporte dans une nouvelle galaxie
Tu a change ma vie, ou est le paradis
Je suis seul aujourd'hui toute la nuit
You walked out that dore, I'm lonely
Cause you're the only one, the one and only
I need you - in the heat of the night
Concrete - I wanna hold you tight

Dans tous mes rêves je dance avec toi
N'arrete pas de retourner chez moi
Ecoute la deuxième voix dans la nuit
Ecoute tu as fait de moi un bandit
No vibration, provocation, domination
Just a creation of mind
Couldn't see the sign
Imagination - I'm feeling fine

Protege mes rêves et enleve mon esprit
Tu as touche mon coeur pour toute ma vie
Aujourd'hui je suis la pour toi
Mais ou est-tu, je ne sais pas
Can you feel it, heal it, I hope you really need it
L - O - V - E, makes you're feeling free
Open your heart and you'll see
The fire of passion inside of me
