

Best of My Life

DJ Bobo

Every heartbeat I have missed
You're my catcher in the rye
Without you I feel empty
I don't care what people say

Easy come easy go
people talk but thats not true
Because love is stronger I forgive you
Like I told you I would do

I have a hungry heart
No water can cuench my thirst
For now and forever for better for worse
These are the words we've said

You are the best of my life
I messed it up I'm sorry
I forgive you for better for worse
I lost my pride and glory
