

Do You Believe

DJ Bobo

Do you believe in freedom
Do you believe in peace around the world
We all need a better place on earth
Where it's really worth, to live our life
Do you believe in freedom

It doesn't matter where you're born what kind of race
As long as you believe in freedom there's a place
It doesn't matter if your dream will come alive
As long as there is human love you will survive
We are praying for a world without pain and disease
So tell me what you really believe

How can we learn, to return to good sense
It doesn't help to sit on the fence
Intense is the willing to fight
Confusion goes on, what's wrong what's right
It might be alright what we see on tv
Are we blind, like in history
Emergency, we're losing reality
Weapons for freedom - how can we agree
