

Don't Stop the Music

DJ Bobo

Don't stop the music
Don't stop the music, oh oh oh
Don't stop the music
Don't stop the music BoBo jam

Don't stop the music
Don't stop it now
Don't stop the music
Don't stop the music i feel it right now

This is a jam, we dance every day
Start out crazy and end up that way
It's not political, but I swear
Tremendous groove with a powerful snare
1,2 1,2 microphone check
Get down on the dance-floor, break a leg
Straight to the top, this one's a slammer
Stomp to the rhythm, like a hammer

On, and on, and on, and on, and on
It's the new style, of another BoBo song
Ready for the ultimate dance attraction
Like Mick sings, I can get no satisfaction
Deep deep down you better keep on movin
Deep deep down you better don't stop groovin
To the T.O.P. , yes to the top
Rock your body, don't stop

Everybody in the place throw your hands in the air
Throw your hands in the air, like I just don't care
With the rhythm and the rhyme let the music flow
Everybody in the place are you ready for the show
All the ladies in the house shake your budy sing it loud
Say yeah - Yeah
Ladies let your body on a mystery tour
You better take that, to be sure so sure

All the fellows in the house clap your hands to the sound
say hooo - hooo
Fellows, it's time for you to break it
Make it, take it, don't fake it
Jump, jump, jump up and jam
Don't stop the music it's the masterplan
To the T.O.P. , yes to the top
Yo, Jocelyn don't stop
